

Free Basic Installation on all Sony FREESAT LCD TVs purchased though www.sony.co.uk or your participating Sony Centre

Free installation offer is valid from Thursday 8th October 09 until Sunday 29th November 09.

Free Installation includes everything* you need to get up and running as well as the tuning and demonstration of your Freesat TV,

- When you purchase your Sony Freesat TV from a participating Sony Centre they will arrange a convenient day to deliver and install your Freesat TV and satellite dish
- The Sony Centre will check with you the details of your property in order to locate a suitable position for the satellite dish - the dish needs a clear 'line of sight' view of the south eastern horizon with the minimum of obstructions from buildings, trees etc
- There may be additional charges for installations outside of the standard free installation conditions but there is no obligation to accept any of the additional installation recommendations or charges.
- This service is suitable for domestic premises only

*Installation Summary

- The provision, installation and alignment of a Satellite Dish which is suitable for the reception of the desired satellite services- satellite specific Astra/ Eurobird (Dish sizes 43cm – 65cm Mesh type site specific).
- The provision and installation of standard mounting brackets – site specific (wall mount)
- The provision and installation of single output LNB (1) (Universal or Elliptical Type).
- The provision and installation of a SINGLE (1) surface mounted download cable (Bench marked type) up to 15metres in length to a suitable position for connection to the customer's equipment(Digital STB/TV Receiver) – this installation option provides a single signal feed to one room only.
- Please note that this installation option does not support DTR type product operation
- All wall entry holes will be properly sealed against the elements using silicon sealant and appropriate internal/ external weather covers
- The download cable shall be terminated in accordance with the STB specification using a durable crimp on 'F' type cable connector.
- A final assessment of received satellite services (FREESAT) will be carried out to confirm that the new service (coverage restrictions apply) is operational to agreed levels following the satellite dish system installation.

. The offer of free installation is only valid form 8th October 2009 to 29th November 2009 and will expire after such period has passed. At participating stores only.
